

## Rubrics for Evaluating Major Project

### Rubric #1:

	<b>Excellent (10)</b>	<b>Acceptable(7)</b>	<b>Unacceptable(2)</b>
Study of existing system	Detailed and extensive study of the system	Moderate explanation of existing system	Minimal explanation of existing system
Problem Formulation	Detailed and extensive explanation of purpose and need of the existing system	Moderate explanation of purpose and need of the existing system	Minimal explanation of purpose and need of the existing system
Feasibility of the proposed work	All aspects of feasibility study covered	Some aspects of feasibility study covered	No coverage of feasibility study
Objective	Objectives extensively related to problem domain	Moderately related to problem domain	Not related to problem
Elaboration of Process steps	Well defined and specified language	Steps defined but language not specified	No steps defined No language defined

**Rubric #2:**

	<b>Excellent (10)</b>	<b>Acceptable(7)</b>	<b>Unacceptable(2)</b>
Design Methodologies	Provides good framework for the system Applies principles and Algorithms correctly to problem domain	Basic principles and techniques relevant to project are include, but fail to develop complete theoretical or design framework for the system.	Unable to identify relevant algorithms/techniques/methods
Adoption of Coding	Coding done using appropriate selection of programming language and able to explain code	Coding done using appropriate selection of programming language and but not able to explain code	Failed to use programming code
Presentation	Proper eye contact with audience Clear voice with good spoken language Good concept knowledge	Eye contact with few people less clarity with spoken language Partial concept knowledge	No eye contact No concept clearance voice not audible

**Rubric #3: Project Evaluation**

<b>Rubric</b>	<b>Excellent (10)</b>	<b>Acceptable(7)</b>	<b>Unacceptable(2)</b>
Project Demonstration	Module wise demonstration Proper working of integrated modules	Module wise demonstration but not proper working of integrated modules	Modules and their integration is not working properly
Results	Relevant to Project Objectives	Covering Some objectives	Not relevant to objectives
Presentation	Proper eye contact with audience Clear voice with good spoken language Good concept knowledge	Eye contact with few people less clarity with spoken language Partial concept knowledge	No eye contact No concept clearance voice not audible

**Rubric # 4: Technical Report Writing**

<b>Rubric</b>	<b>Excellent (10)</b>	<b>Acceptable(7)</b>	<b>Unacceptable(2)</b>
Formatting	According to prescribed format	formatting not done properly	No prescribed format followed
Content	Information is in logical sequence with diagram, tables etc.	Information is in logical sequence without diagrams, tables etc.	Mostly unclear
Language (Grammar and word choice)	Sentences are complete and grammatical Word choice is good	In few places, errors in sentence structure and grammar  Word choice could be improved	Errors in sentence structure and grammar repetition of same words and phrases
Bibliography	10 or more references listed in bibliography Internet sources are fully justified Authoring of website is described	5 or more references listed in bibliography Internet sources are partially justified Authoring of website is not described	No references listed in bibliography Internet sources are not justified
