ABOUT LUDHIANA

Ludhiana city is a well known Industrial hub in Northern India which produces industrial goods, machine parts, auto parts, household appliances, hosiery, apparel, and garments. It is Asia's largest hub for bicycle manufacturing and is well connected by direct rail service with all parts of India. The weather in Ludhiana in the month of January is cold with temperature around 12°-14 °C.

ABOUT INSTITUTE

Guru Nanak Dev Engineering College, Ludhiana (established in 1956), is one of the oldest and a premier Engineering Institute of India. The institute is set up on 88 acres of sprawling pristine land on Ludhiana-Malerkotla Highway. The foundation stone of the college was laid by Honorable Dr. Rajendra Prasad Ji, President of India on 8th April, 1956. GNDEC is now an autonomous college under UGC Act 1956 [2(f) and 12(B)]. The institution has seven B.Tech., thirteen M.Tech., MBA and MCA courses, besides being a QIP centre for Ph.D. All the undergraduate courses of the institute are accredited by National Board of Accreditation (NBA), AICTE, New Delhi.

ABOUT DEPARTMENT

Department of Information Technology was established in 2001 and currently offering under-graduate course with intake of 90 students. The Department has various laboratories equipped with state-of-the-art computing facilities to support the research and teaching activities. A library with a lot of books on Information Technology for the exclusive use of the faculty and students is located in the premises of the Department.
